## FRATELLI COSMO: A LEGACY IN EVERY BUBBLE

The Fratelli Cosmo—four brothers bound by a shared dream—learned the art of winemaking at their father’s knee. Their passion, born in the family vineyards, grew into a single vision: to create exceptional Prosecco in the heart of Carpesica.

Through years of sacrifice, their obsession with quality never wavered. As stewards of their land, they farm sustainably, ensuring the health of the hills that sustain their vines. From grape selection to the final pour, every detail is crafted with care. This unwavering dedication has earned them acclaim from the Prosecco Hills to the world beyond.

Yet each day still ends as it began: together. As the sun sets, they raise a glass to their father’s legacy, proud of what they’ve built and committed to the tradition that started it all.

A story of family passion, estate grown & bottled.

## Fratelli Cosmo

Prosecco DOC Extra Dry

This is our classic Prosecco, the pure expression of our sun-kissed hills. In the glass, it shines a pale, luminous yellow, inviting you in with a delicate bouquet of crisp apple and the sweet spring blossoms of wisteria and acacia.

It is born in the prized vineyards north of Venice, where our vines bask on sunny slopes. Here, warm summer days are cooled by gentle breezes and sharp nightly chills, a rhythm that coaxes the grapes to develop their signature aromatic intensity.

We harvest each bunch by hand, honoring the fruit. Using the traditional Martinotti method, we allow the wine to rest patiently for months, nurturing the fine, persistent perlage that makes every sip so lively and refreshing.

This is the ultimate sparkling wine for pure enjoyment—perfect for lifting any moment into a celebration. Its bright, savory character also makes it a wonderfully versatile partner for a light seafood appetizer, a delicate herb risotto, or a simple vegetarian dish.

## Fratelli Cosmo Rosé

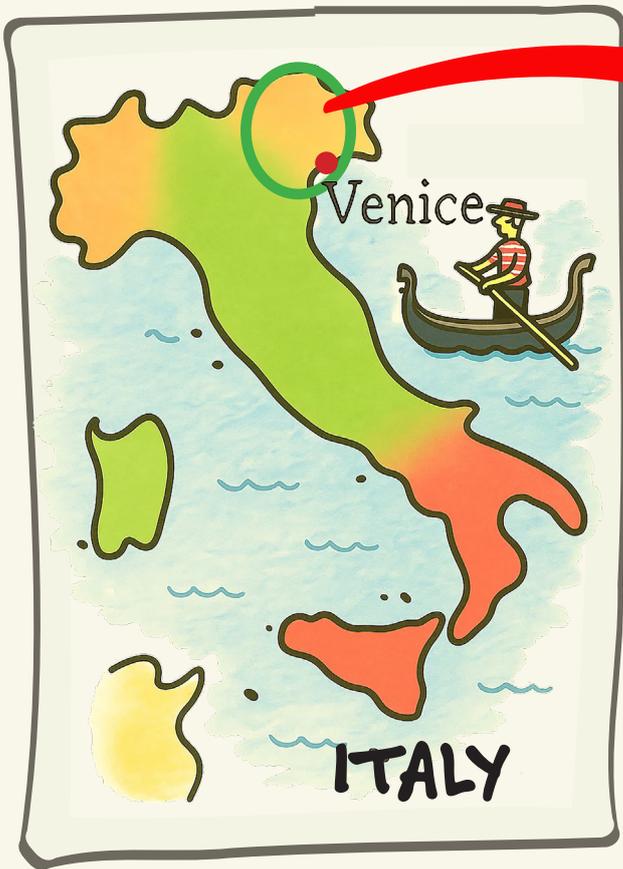

Prosecco DOC Rosé Extra Dry

Our Prosecco Rosé begins not in the cellar, but in the sun-drenched Venetian hills. Here, our finest Glera and Pinot Noir grapes grow side-by-side in limestone-rich soils, imbuing the wine with the firm, graceful structure that is the signature of our land.

In the glass, it shimmers with a delicate pink hue—a color we achieve by gently allowing the juice to blush against the Pinot Noir skins. A silken cascade of tiny bubbles rises steadily, a testament to our patient, traditional method.

The first scent is like walking through a summer garden, bursting with ripe red berries: wild strawberry, raspberry, and a hint of cherry. This generous bouquet flows onto a palate that is both elegantly crisp and harmoniously soft. It's a taste we crafted for moments of connection.

While perfect as an aperitif, its vibrant character makes it a wonderfully versatile companion at the table. Enjoy it with a delicate fish course, a spring vegetable risotto, or any of your favorite Italian dishes.

Fratelli Cosmo Prosecco DOC  
is born in the sun-kissed hills  
north of Venice.

This is the heart of Prosecco  
country—where warm days, –cool  
nights, and gentle breezes create  
the unique character of our wines.
