

Darcie sauvignon blanc 2023

family owned. estate grown.

This is a 100% single vineyard, estate grown wine from the Lemmons' Vineyard. This is the northernmost site in the acclaimed Crane Ridge micro-region: it faces north, experiences constant breezes, and lies under a thick blanket of coastal fog each morning.

Darcie and her family believe in creating a perfect match between terroir and varietal. Working side by side with their neighbors Tom and Paige Lemmons, Darcie and her family planted the site with the uncommon "musque" clone of Sauvignon Blanc, which is very expressive and creates wines with a hint of jalapeño and tropical fruit.

tasting note

White grapefruit, gooseberry and jalapeño, with bright acidity, soft body, and lemon zest finish.

ALCOHOL	13.2%	CASES PRODUCED: 1670
