{ winemaking process }

Crafted by winemaker Joana Santiago, our indigenous grapes are sourced from the best plots in the southern subregion of Sousa, exuding the uniqueness of the terroir and abundant Atlantic influence. Our grapes are handpicked early in the morning, in 20kg boxes, and received at the winery within 10 minutes where they begin their journey from de-stemming and pressing to fermentation in stainless steel tanks. The well-tended vinification process under our winemaking team is a labor of love.

{ sustainability }

We are proud of our comprehensive sustainability program across vineyard, winery and community including low intervention, water management and energy consumption.

Low alcohol. Gluten-free, vegan friendly and low calorie (100 calories per serving).
