Fria Frio Vinho Verde

A joyful expression of the region, a light-hearted wine with beautiful mineral character, fruitiness and a light effervescence. This is a delicious, refreshing, lower alcohol (9.5%) white.

Our Grapes

A blend of Loureiro, Trajadura & Arinto - our grapes are handpicked early in the morning, in 20kg boxes, and received at the winery within 10 minutes where they begin their journey from de-stemming and pressing to fermentation in stainless steel tanks. The well-tended vinification process under our wine-making team is a labor of love.

Tasting Notes

Delicate aromas of green apple, pear and tropical fruit with nuanced floral overtones, the wine is lively and fresh on the palate with a smooth finish.
