

Château Les Arromans

Cuvée Prestige 2024

Area of production	AOP Entre-deux-Mers
Grape varieties	50% Sauvignon blanc, 50% Sauvignon Gris
Soil and climate	Clay loam soils
Type of winemaking	No chemical inputs are used in either the soils or the vineyard. Traditional vineyard practices: cover cropping, bud thinning, and mechanical leaf removal. Vinification takes place in small concrete tanks, with one-third of the wine aged in oak barrels.
Type of ageing	Aged on the lees in concrete tanks and oak barrels, with weekly bâtonnage for six months.
