Brunello di Montalcino 2017 Riserva

Anemone al Sole

WINE ENTHUSIAST

The **nose is fresh** and cool, like an afternoon outside after the rain, with aromas of mint, slate, black cherry snowcones and iced coffee. The **rich palate** brings **warmer notes of chocolate** and espresso, but the **cherries and stoniness linger**. Tannins are tightly organized, while **inspiring acid** elevates everyone's performance.

JAMES SUCKLING

Complex aromas of red berries, mild and lightly bitter spices, pressed flowers and a hint of heather. Full-bodied with a **very tight and focused palate** that doesn't waver for a second, **driving forward** with its fruity and savory notes that are latched onto fresh, firm tannins. From organically grown grapes. **Built to last and last it will.**
One for the cellar.

ROBERT PARKER

A certified organic and biodynamic wine, the Loacker 2017 Brunello di Montalcino Riserva Corte Pavone Anemone al Sole shows **dark concentration** and medium to full-bodied texture. There is bigger fruit weight in this Riserva, and **you feel that density as it wraps over the palate**. Black cherry and blackberry cede to cola, earth and crushed rose.
